

# CRIMINAL SEIZURES

## FOUR TOWNSHIPS FILED ON YESTERDAY AT THE LAND OFFICE

Origin of Rush is Mysterious as Yet as No One Has Heard of Oil Being Struck—Two Large Parties Have Gone Out From Athabasca During Past Few Days

It was bound to come. Edmonton has caught the oil fever. The scenes of excitement that took place in Calgary recently—the mad rush to file on claims, the sudden discovery of new shortcuts to wealth and competence, penniless men gaining fortunes—was sufficient excitement round the Dominion land office late yesterday afternoon to indicate that, to use a vernacular expression, there was "something doing," and that from now on the land officials will be besieged by people who wish to file on oil claims which may or may not turn out to be bonanza.

Four whole townships, comprising over seventy thousand acres, were filed on by the advance guard yesterday. These are townships 68 and 69, ranges 22 and 23. Some of the land filed is only about nine miles as the crow flies from Athabasca, and in the northern town, where it became known yesterday what was in the air, there was much rejoicing over what was expected to give an impetus to the business interests of the town if all prognostications are fulfilled.

The land filed on yesterday is all surveyed territory, but it is stated that fifty miles to the northwest, a large expanse of unsurveyed territory has been staked out by parties who will arrive in the city for the purpose of filing their claims within the next day or two.

Just how the rush originated is very mysterious as yet, for no person seems to have heard that any oil has been struck in the vicinity mentioned, nor has anybody heard of an outfit even drilling for oil around there. But competent authorities, it is stated, have all along pointed to the geological formation of the district, and as indicating the presence of oil-bearing strata, and these indications have been endorsed recently by experts employed by private parties.

At least two large parties are known to have left Athabasca recently for the purpose of staking oil claims. One of these parties consisted of some Edmonton citizens went up on their own account and did the same thing. Whether this was the case or not, it is not known, but whether some people have definite information which has not been made public, or whether they are somebody told somebody else that he was going to file on oil claims, and the somebody else thought it would be a very wise thing to do, or whether some one else, who was a swarm of adventurers at the land office, had some information, it is not known.

Three Sections for One Month for \$5. According to the regulations for one month for the sum of five dollars, which is the fee for the first section. At the end of the month the rental fee of one dollar per acre is payable. Each applicant who took full advantage of the regulations, and secured the claim, and it is likely that many more claims will be filed on during the month. The situation was informed by telephone.

## WORLD'S NEWS IN BRIEF

### East Midlands Election.

London, Oct. 26.—The East Midlands campaign was wound up in the riding contest, and tomorrow the victor will be declared.

Victory of John McFarland (Conservative), and James W. Leitch (Liberal) at Hatfield.

## THE REBELS' FIRE OIL TANK

Rebels Threaten to Adopt New Means to Devastate Mexican Town

By Bulletin Leased Wire. MEXICO CITY, Nov. 26.—Rebels are on the oil tanks in the city of Tampico and along the banks of the river above. This threat, according to private information received here yesterday, is the rebels to the commander of the federal at the Tampico yesterday.

So long as the rebellion at Tampico is added to the guns of the Bravo, which is anchored in the river just off Escalante, there appears to be little chance for the rebels to succeed in their attack. But they might easily devastate the entire region by carrying out the threat.

## Reminding Mr. McNamara of a Vital Problem

ONE FEATURE of Mr. McNamara's campaign thus far stands out very distinctly, and that is his avoidance of pressing civic problems. He indulges in extensive criticism of the present administration, but he does not state how he would have done such and such a thing, nor does he indicate to the electors how he proposes to handle various matters that must be dealt with next year.

"What this, then he intends to do the means?" Are all civic works to stand while he evolves commission form of government for the city? Does he intend to leave the question of sewage disposal, of a proper sewerage system for the South Side remain over until 1915, until the commission is elected? And does he mean that no progress will be made in securing for the city of Edmonton the present supply of water?

This question of a water supply is one on which Mr. McNamara has refused to give a straight answer. He has said that he would like to see the present plant and the intake pipe at the present location, where local commission is certain. He has argued strongly against the attempt of the intake that the experts port made a second chance of Habit Hills, but he has not stated what source of supply he favors.

The front of the experts deals with five possible sources of water supply for Edmonton: Hydro-electric scheme, the Pigeon Lake scheme, a scheme to take water from the river just off Escalante, and continuing the present plant at the present site.

The experts condemned the first two. They stated that the Pigeon Lake scheme would be too expensive, and that the Escalante scheme would be too expensive.

They stated that the Pigeon Lake scheme would be too expensive, and that the Escalante scheme would be too expensive.

## LIBERAL CHIEF

"Let us Bury the Past and Look to Future," Declares the Liberal Chief

By Bulletin Leased Wire. HAMILTON, Nov. 26.—A policy of free food was what Sir Wilfrid Laurier said to his audience at the banquet given here tonight in his honor by the Federal Liberal Club of Ontario. The high cost of living, he said, the pressing problem of the day.

In graphic language, Sir Wilfrid described the great problem of the hour, the problem of making work for the unemployed. He stated that the immediate question of the day was the question of making work for the unemployed.

He stated that the immediate question of the day was the question of making work for the unemployed.

## In the Realm of Women

By PENELOPE

Mrs. Martin called yesterday on the Prince for her son to be absent on 11 March.

Mrs. Donald Macdonald is entertaining at a children's party (his afternoon).

Madame Blain who opened the season in Boston last Monday took a little run in to Montreal in the telephone to visit her son and time friend, Lady Blain.

Edmonton's first woman forth very recently Tuesday night at the delightful ball given by Mr. and Mrs. Arthur Murphy in the Empire Auditorium, where society girls and white christenings were used in artistic perfection in the decorations. Mrs. Murphy was handsomely crowned in black satin velvet in jet and silver, the shimmering effect enhanced with royal purple chrysanthemums. An artistic necklace was worn.

Mrs. Ferguson (Mrs. Ferguson), the guest of honor, chose a stunning Parisian creation of white tulle and satin with sequins, pearls and diamonds—soft touches of purple motif operated effectively. Diamond and pearl ornaments were very much admired.

The daughter of the house, who seemed very charmingly receiving each such girl's frills in which she thought completely was apparent.

Mrs. Murphy wore a lovely white christenings suit, the corse swathed in white green satin—the one perfect in its tones.

Mrs. Evelyn Murphy wore a graceful frock of white christenings with silver and blue draperies—a stole of blue, brocade ribbon.

The music, rendered by Turner's orchestra, was particularly good, and the dancing was very enjoyable. The whole affair was very chosen.

A delightful buffet supper was served at midnight, pink and white roses being the theme. Among the smartly dressed women present were Mrs. Howard Douglas in cream christenings with red velvet of shadow lace, shimmering with crystal in broad fringe of pale blue velvet—very best of white lace around the skirt.

Mrs. T. C. Douglas in black chrysanthemum, wide girdle of shadow lace, white tulle, and white tulle.

Mrs. Marshall, in grey crepe, chose a charming christenings and blue tulle touches.

Mrs. Belling in rich black satin, a handsome lace shawl being the complement of her dress.

Mrs. T. in handsome black satin, white, contrasting touches of white, Mrs. Douglas in elegant christenings in a full black with broad white lace.

Mrs. Agnew, yellow satin swathed in blue ribbon—her favorite.

Mrs. Jamieson in striking black crepe, the corse swathed in silver silk, overlying pink.

Mrs. Duncan Smith—Chet blue satin with swatches of lace, handsomely flamed in fur.

Mrs. Frank Smith—Very smart black christenings, the skirt and bodice fashioned of white Spanish lace artistically draped.

### BOTH SEXES WORK

#### IN PERFECT HARMONY

London, Nov. 26.—Mrs. Harcourt, a social member of the British parliament and a poet, is here to discuss the labor problems of London. She said there is no separate women's party in Finland, as both sexes work in harmony in political matters.

"Women do not speak in parliament as frequently as men," she said. "There are twenty-one women in the Diet, and thirteen of them are Socialists."

creation of black and burnt orange satin.

Mrs. Alice, Norway, in sparkling creation of white sequined and mounted on white satin—French blue chrysanthemum and chrysanthemum with French touches.

Mrs. Harold Brown, in white christenings satin, with rose joint lace garniture.

Mrs. Biddell, in rich blue, rose lined with hands of white marabout. Mrs. Murray Brown chose a distinctive black satin frock.

Mrs. Scott Thompson wore a lovely black and white lace christenings.

Mrs. J. H. Scott chose a pink satin frock of modish cut.

Among the many pretty girls present were Miss Jessie Kinross, a delightful one made for love to escape last night, wearing Irish white satin.

Mrs. Jean Turnbull, in the delicate pink.

Mrs. Maxine Morris, in chrysanthemum, white, pink and gold trimmings.

Mrs. Martin Rose, in black satin with a wide burnt orange girdle.

Mrs. J. H. Scott chose a pink satin frock of modish cut.

Among the many pretty girls present were Miss Jessie Kinross, a delightful one made for love to escape last night, wearing Irish white satin.

Mrs. Jean Turnbull, in the delicate pink.

Mrs. Maxine Morris, in chrysanthemum, white, pink and gold trimmings.

Mrs. Martin Rose, in black satin with a wide burnt orange girdle.

## Position of Calgary Kickers Not Tenable May Prejudice Case

Calgary Sport Writers Bill Dispute of Cook's Reinstatement—Likely to Cause Prejudice Against Application of Plaintiff—D. F. A. Action Discussed—Tanner a Versatile Man

Joe Price and other Calgary sport writers are raising another huller over the reinstatement of Red Cooke at the meeting at Red Deer. Price becomes most vehement in his assertions regarding the A.A.U. It is, of course, to be expected that Calgary sport writers would make a noise. An objection was raised at the time in Edmonton was made to the fact that Cooke had been given a card. Now their huller is confined to the manner in which it was made. The position which the Calgary men have taken is not a tenable one. The meeting of which the action was taken was a regular one and the proper evidence was placed before the board. The members of the board present, where a minority or not, had to act on the evidence. They found it satisfactory and the reinstatement was made, under certain conditions. The conditions were not for the purpose asserted by the Calgary writers, but in order that they further evidence giving reason why the reinstatement be made should be produced then the A.A.U. might reconsider their action. No such evidence or objection has been forthcoming to the reinstatement goes.

The Calgary clubs have stated that they are going to apply for the reinstatement of Cooke on the grounds that if he is given a card there is no reason why Plaintiff should not also be given one. The reasons which have been given for the Plaintiff application are not likely to help much towards the end and the action is likely to be decided on the merits. Plaintiff has for it is an admission that he is no more worthy of reinstatement than according to their ideas, was Cooke.

Now that the United States of America Football Association has reached an agreement with the A.A.U. that football play will be represented at the Olympic games at Berlin, by an American soccer team. It will be a pity if the difference between the D.F.A. and A.A.U. of Canada is not settled by the time the Olympic games are held at Berlin. However, if it does not reach a proper understanding and the Western Football Association remains with the A.A.U. it would appear that the Canadian team will have to be represented by the A.A.U. of Canada. Perhaps it would be represented by a western team anyway for there is not a little chance that the western team would be better than the east, but the dispute if not settled eliminates the eastern team.

At the same time the D.F.A. is recognized by the La Federation Internationale des Football Associations. It is a large men of professional football. If the D.F.A. is still recognized by that body the Olympic committee will have to decide whether to accept their recognition or not. It is recognized by the A.A.U. of C.C.

John K. Tener, who has accepted the presidency of the National League, is rather a versatile person. Tener, at present the treasurer of Pennsylvania, was a professional ball player years ago, and is now the manager of a team of the world with an all-star aggregation, including the present trip of the Giants and White Sox. While in charge on the trip a few days later told him that he would soon be Governor of Pennsylvania.

After quitting baseball he held several county jobs in Pennsylvania, and finally climbed to the governorship. He is a large man of portly physique, and has a very engaging personality. In fact, his very popularity is said to have been the cause of his resignation. Tener has always held a very keen interest in baseball since his retirement from the game, and while in Congress played on the Republican team that plays an annual game with the team made up of Democratic members.

It is understood that Tener will be given a year term as a salary of \$25,000 per year.

During the baseball days Tener pitched for Anson's old White Sox, and incidentally was the cause of his indifference to the game. One odd item calls attention to the fact that he was always unlucky when he faced the New York team. The best game the present executive ever pitched against the Giants was in October, 1914, when he pitched with Ned Kead (the former Toronto pitcher) and went down to defeat, after a hard battle, by a 1 to 3 score.

There is no reason in the world why Australia should not produce another crop of fighters such as Jack and Alf. The Antipodes they have selected stadiums devoted to boxing and ring exhibition. The boys in the public schools are instructed in the art of self defence by the teachers, the government can secure. Under conditions of the sort we face to see how that country can fail to produce results in the fighting line.

Recall Peter Jackson, Joe Goddard, Frank Slavin, Bob Fitzsimmons, Jim Hall, Dan Creedon, Tommy Tracer, George Dawson, Billy Murphy, and several others. The last time they went to see them was in New York. In particular were Jackson and Fitzsimmons marvellous. Jackson, according to the very best fight writers, was the greatest heavyweight that ever lived. Why, there can't be the slightest doubt of Fitzsimmons' claim to the middleweight division as the greatest exponent in the history of boxing. It alone his heavy weight during his career. It is going to be many days before we see their equal in the ring arena again. It is almost a safe bet their equal will not develop during our generation.

Port Huron, Mich., Nov. 26.—The Grand Trunk railway, company shows in this city were destroyed by fire to the extent of a property valued at nearly a million dollars and throwing about 1,600 men temporarily out of employment. The amount of the fire has not been determined.

## JOE LALLY

## Joe Lally Will Make an Effort to Popularize Canada's Great Sport

Will Give Lacrosse Sticks to Boys in Public Schools in Order to Develop the Game Throughout Western Canada—How it Was Done in the East

(By Joe Lally).  
Carnegie early a great lacrosse man. During the past summer a number of the old lacrosse guard who still love the great summer game, got together and by united effort made the national game more popular than ever in the town which claims to be the birthplace of the game as first played by the red man.

Early in the spring Mayor Pollock, who was one of the stalwarts of the game as far back as 1859; Dr. Maynor, John A. Chisholm, one of Canada's leading barristers; S. Morgan Gray, an old Toronto winner of the gold stick, and now of Cornell's leading manufacturer; Duncan Morrison, a Highland Scotchman, a factor in the town, and myself, got together and decided to boost the game. The mayor called a public meeting in the town hall, and the citizens responded in large numbers. Addresses were delivered by prominent citizens, including His Honor Judge O'Reilly, W. H. Campbell, J. B. H. Macdonald, McCreiken, a McLaren, secretary of the Y.M.C.A. and others, and in the result a citizen's committee was appointed to take hold of the matter and interest the younger element and develop the lacrosse players of the town.

The committee held a meeting to the several schools in the town, and arrangements were made to assemble every school boy in Cornwall on the sports ground, to be held on the 10th of the boys' response. Yes, every boy present, and the Rev. minister of the Roman Catholic school came along with the stick. It was a great success, and when order was restored, Mayor Pollock, Dr. Maynor, and I, the above-named addressed the boys and girls, pointing out what lacrosse had done in years gone by, and how it would develop the younger element and develop the lacrosse players of the town.

During the past summer a number of the old lacrosse guard who still love the great summer game, got together and by united effort made the national game more popular than ever in the town which claims to be the birthplace of the game as first played by the red man.

Early in the spring Mayor Pollock, who was one of the stalwarts of the game as far back as 1859; Dr. Maynor, John A. Chisholm, one of Canada's leading barristers; S. Morgan Gray, an old Toronto winner of the gold stick, and now of Cornell's leading manufacturer; Duncan Morrison, a Highland Scotchman, a factor in the town, and myself, got together and decided to boost the game. The mayor called a public meeting in the town hall, and the citizens responded in large numbers. Addresses were delivered by prominent citizens, including His Honor Judge O'Reilly, W. H. Campbell, J. B. H. Macdonald, McCreiken, a McLaren, secretary of the Y.M.C.A. and others, and in the result a citizen's committee was appointed to take hold of the matter and interest the younger element and develop the lacrosse players of the town.

The committee held a meeting to the several schools in the town, and arrangements were made to assemble every school boy in Cornwall on the sports ground, to be held on the 10th of the boys' response. Yes, every boy present, and the Rev. minister of the Roman Catholic school came along with the stick. It was a great success, and when order was restored, Mayor Pollock, Dr. Maynor, and I, the above-named addressed the boys and girls, pointing out what lacrosse had done in years gone by, and how it would develop the younger element and develop the lacrosse players of the town.

## LIBERALS OF OLDS TENDER BANQUET TO HON. MR. MARSHALL

Provincial Minister of Agriculture  
Guest of Honor at a  
Banquet in Olds

MEMBERS OF PARLIAMENT  
AND LEGISLATURE PRESENT

Hon. Mr. Marshall Delivers a  
Strong Speech on Agri-  
cultural Education

(From Evening Edition)  
The banquet Tuesday night by the Olds Liberal Association to the Hon. Duncanson Marshall, provincial minister of agriculture and M.P.P. for the district, was a great success. Tables were set in the Opera House and over 120 constituents and admirers of the Hon. Mr. Marshall sat down. Many ladies were included among the guests. The speaker was Hon. Senator Talbot, R. J. Craig, president of the Olds Liberal Association, presided. Among the visitors were Hon. Senator Talbot, Hon. Frank Oliver, M.P., Dr. Michael Clark, M.P., for the district, and Mr. J. P. McEwen, M.P., for the constituency, in which Olds is situated, and A. B. Buchanan, M.P., Hon. C. B. Mitchell, and other members of the Liberal party. Mr. Marshall, after a few words for Albert J. St. Sauver, deputy speaker of the Alberta Legislature, George P. Smith, M.P., Hon. A. G. McKay, M.P.P., Wilfrid Garfield, M.P., J. P. McEwen, M.P., P. J. Whelan, M.P.P., S. G. Tobin, M.P.P., A. B. Buchanan, M.P., Allan, Calgary; T. M. Black, Calgary; H. Dohi, Calgary; Wm. Robertson, Red Deer, and others.

The toast included "The King," proposed by the chairman. The Hon. Mr. Marshall, in responding, said a tribute to the chairman as a constant and valuable supporter of Liberal principles. Referring to his own connection with the district and the establishment of the agricultural school, he said that no matter how the people would be helped for the success of the schools. The schools were not large, but they were closer to their work than they could have been had they been larger. Their purpose was to reach the boy on the farm. If they could increase his interest and pride of his work they would have accomplished their purpose. In passing, he paid a tribute to the late Hon. Malcolm Macdonald, who had always supported Mr. Marshall in his campaign for improvement in farming conditions. The schools were only part of the educational work of the department. They had already provided short course schools and other extension work. The attendance at the three schools was: Claresholm 43, Olds 33, Vermilion 29. As evidence of the advantage of education in improved agricultural methods, Mr. Marshall instances the improvement within the last ten years in the State of Wisconsin, where a practical policy of bringing knowledge of improved methods to the man on the farm had made Wisconsin a model farm state.

**Germany's Example.**  
The policy of practical farm education in Germany had made it possible for a region no larger than Alberta to produce 50 per cent. of the food required by sixty-six millions of people. There were 120 of the German States and 150 in all Germany. The member of Alberta had declared his policy to be to increase the means of agricultural education and to meet the needs of the farmer in all respects. The financial policy was to teach farming by farming. The Manitoba Agricultural College had cost two millions, the Brandon College, at Montreal, cost three and a half millions. There were more pupils in the three Alberta schools this year than in either the Manitoba or the Brandon colleges. The idea of farm education was spreading. The Mark Lane Express mentioned that a county board in England has bought land for a demonstration farm, although in England farming was at a pitch of perfection that in some cases made the rent there higher than the land there. Denmark has fifty of the sixty schools of agriculture, and leads the world in dairy farming.

**Comparison of Values.**  
The comparative value of farm products in Alberta was Grain 24 millions; stock, 23 millions; dairy produce, 12 millions. The schools indicated that five stock was the basis of agriculture. He paid a tribute to the ability and loyalty of the staff of the department, in carrying out the policy of the minister. The policy of the Alberta Government was to enable the farmer to produce more value from the land. They looked to the Liberal members of the Commons and Senate to secure better markets for the results of the farmer's labor and enterprise. In concluding, Mr. Marshall said that his ambition was to do the best that was in him for the constituency, the province and the interests of the farming industry.

**The Provincial Government.**  
The toast of "The Provincial Government" was proposed by Mr. Wm. Robertson, of Red Deer, and responded to by Hon. C. B. Mitchell, minister of public works. He gave interesting figures as to the various activities of the provincial government and mentioned that this year half a million had been spent on road improvement. The government had given assistance to farmers' elections and had the amount of \$400,000, and estimated that an equal amount would be spent next year.

S. G. Tobin, M.P.P. for Leduc, proposed "The Liberal Party." The toast was responded to by Hon. A. G. McKay, M.P.P. for Athabasca, and George P. Smith, M.P.P. for Claresholm. As the guests from the north had to leave to catch the train, the proceedings were brought to a hurried close about 2 a.m. by singing "God Save the King."

CANADIAN BOYS ARE MIDSHIPMEN ON BRITISH CRUISER "HAWK" NOW IN MEXICAN WATERS—The fleet that Great Britain has sent to Veracruz is composed of powerful armored cruisers—the cruiser Berwick, which has been ordered from her harbor to Mexican waters, are Midshipman Ronald J. Agnew and G. A. Worth, who graduated from the Canadian Naval College, at Halifax, and were assigned to the Berwick when the Canadian cruises were loaned to the British navy—Both had before to Toronto.

## Connections Between Edmonton And Yellow Head Pass Will Be Established Middle of December

Over 2,000 Men Engaged in Construction Work on C.N.R. in B.C.  
—Ninety Per Cent of Grading Has Been Completed Between the Summit and a Yellow Head Pass.

Vancouver, Nov. 25.—More than 2,000 men are engaged in grading, track laying and bridge construction on the lines of the Canadian Northern Pacific Railway in British Columbia, and very good progress is being made with work all along the different sections. E. H. White, chief engineer of the C.N.P.R., who has been inspecting the construction route in company with V. Johnson, inspector for the Dominion government railway department, returned from his trip to Mile 41, north of Kamloops, last night, with this information:

The completed portions of the line were inspected from both the Port Mann and the Kamloops end. On the former section, 125 miles of track have been laid and completed. From Kamloops along the North Thompson

river ninety miles of steel has been installed. Grading is nearly completed on the section of the C.N.P.R. between Jackfish Mountain, 134 miles from Port Mann, and Kamloops, and about 100 miles of track will have to be laid to link up the completed portion between the bridges on the section. Grading has also been finished on the section north of Kamloops, where steel has been laid to Mile 126. Work on the section north of Kamloops, between the latter point and Alberta, 50 miles of the grading has been done.

Nearly 70 per cent. of the grading has been completed on the C.N.R. between the Summit and Yellow Head Pass, and track connections between Edmonton and the pass is expected to be established about the middle of next month.

## HOW FIRE LOSSES ARE PROVIDED FOR

Large Amount of Insurance Is  
Placed With Local Firms—  
Many Companies Are Affected

(From Evening Edition)  
A large amount of the insurance on the Mackenzie building which was seriously damaged by fire Tuesday and on the stock of firms occupying the building was placed with local insurance brokers.

James Krupavick and Peter Carter, of 35,000 on the building. This was placed with the following companies: British American, London and Lancashire, Queens, New York, Overseas, Adelaide-Phoenix and the Sun.

H. Milton Martin carried about \$110,000 on stock of Lefter and Co., divided among the following companies: American, Western, Royal, Commercial Union, Continental, British Crown, National Union, Fire, Marine, General (Paris), General (Berth), and the Quebec.

Alfred Killam and McKay carried about \$2,000 insurance divided among the following firms: Sun, \$1,000; Protector Underwriters, \$1,000; Home, \$2,000; British Canadian Underwriters, \$2,000; Nova Scotia, \$2,000; Yorkville, \$1,500; Winnipeg Fire, \$2,000. All the foregoing amounts were on the stock of the Scott Fruit Co. Allan, Killam and McKay also carried \$4,000 insurance on the building, placed with the Sun company.

E. L. Ferris has \$5,000 worth of insurance on the Lefter stock, this being placed with the Caledonian and the Palatine.

Jelliet and Cameron had \$2,000 worth of insurance for the Lefter company, divided between the Commercial Union and the Royal.

The insurance for the National Fuel and Chemical Co. was arranged for in Montreal, that of the Ode Pianos company, in Toronto and that of the E. N. Meyer and company was also arranged for by the same office of the firm.

**German Mail Train Robbed.**  
Brieg, Silesia, Germany, Nov. 24.—The entire local registered mail was stolen by a band of thieves from a train approaching this town last evening. One of the robbers pulled the emergency signal, which brought the train to a standstill, and while the train crew searched the coaches other members of the gang entered the mail car, searched the sacks, and walked off unnoticed.

They "The Liberal Party." The toast was responded to by Hon. A. G. McKay, M.P.P. for Athabasca, and George P. Smith, M.P.P. for Claresholm. As the guests from the north had to leave to catch the train, the proceedings were brought to a hurried close about 2 a.m. by singing "God Save the King."

## TOLD MAGISTRATE HE "TALKED LIKE A YAP"

Woman in Police Court Reminds  
Criticism of Magistrate and  
Talks Back

(From Evening Edition)  
Chris, Diamond of this city was fined \$10 and costs in the police court yesterday for selling liquor without a license. The case was brought by Detective Durick who stated he had instructed two men to go into Diamond's home in Kildonan avenue and asked for the beer Tuesday night. They were given several glasses of beer and were brought before the magistrate as evidence.

The defence pleaded not guilty, stating that the beer was not intoxicating, and as he bore a Catholic priest's name he was not to be believed the story.

A case against Constantine Redmond for misappropriation of a sum of \$25 between the Lefter Bros. was adjourned at the request of the police.

Magistrate Andrie was kept listening upwards of an hour to a case in which Morancé Moore claimed \$5 for washing done for a Mrs. Noble. Five witnesses were examined—alcohol—and they continually interrupted each other while giving evidence. His worship became irritated at the constant interruptions, and dismissed the case.

"You talk in and talk like a lot of yaps," he told the women, whereat one then replied that the magistrate was saying his living by "talking like a yap."

## THE ADMIRALTY OBJECTS

To Implore Calling at Plymouth,  
Where Naval Works are  
Projected.

Plymouth, Nov. 24.—It is believed here that the plan of the Hamburg-American Line to have an Imperial route out of Plymouth, going direct from New York to Cherbourg, is due to objections on the part of the Admiralty to have the big liner dock inside the breakwater.

Important naval works are projected between the mainland and Drake's Island, close to the mouth of estuary, to guard the dockyard against torpedo attacks.

## MONTREAL REALTY MAN CHARGED WITH FRAUD

Alleged He Charged Certified Cheque  
From the sum of \$54 to  
\$5,000.

Montreal, Nov. 24.—James Brehm, one of the best known real estate men in Montreal, with an office in the Merchants' Bank Building, pleaded not guilty today when arraigned before Judge Lafontaine on a charge of raising an order of the Merchants' Bank of Canada from \$54 to \$5,000.

## MONTREAL PAYING 75 CENTS FOR EGGS; SHORTAGE FEARED

36,000,000 Eggs in Cold Storage.  
Considered an Insufficient  
Supply

WOMEN'S ORGANIZATIONS  
TO TAKE UP QUESTION

Consumption of Eggs in City  
During Summer Was 1,782,  
000 a Week

Montreal, Nov. 24.—Egg prices continue to soar and while 75 cents a dozen is the price asked today by retailers for the fresh article, the end of the week is likely to see the price raised to 75 cents, a high water mark for eggs in the city of Montreal.

As a result of the advance a number of local restaurants, yesterday posted a notice that hereafter for every order of eggs served there will be an extra charge of five cents.

A canvass made yesterday among the wholesale egg dealers showed the fact that there are held in cold storage in this city about 36,000,000 eggs. From May 1st this year until November 22nd, the receipt of eggs in this city according to the local buyers' figures were 224,171 cases, compared with 222,842 cases for the corresponding period a year ago. With 100,000 cases in storage and allowing 25,000 cases on hand at the beginning of the season in May last, there have been consumed since that month 144,171 cases over a period of twenty-two months, or 1.85 cases, equal to 118,500 dozen or 1,782,000 eggs a week.

As eggs will not start to come into the city again in any great quantities until the first week in May next and there are only 25,000,000 eggs for distribution with the small lots being received here, there will be, at the rate at which eggs were consumed during the past year, a shortage before the first week of May next of over 10,000,000 eggs. What remedy can be had in the question now being considered by the Women's Suffrage Association to be held today the question will be taken up.

**Sent Aerogram Message.**  
Berlin, Nov. 24.—Hear Admiral Rossmann, who was represented as having announced on Friday last that a wireless telephone message had been transmitted from Germany to the United States, said today that his words were misinterpreted. He explained that he had announced the successful transmission of an aerogram, not an aerophone message.

## Assignment Sale

FOR SALE by public auction in bulk assigned stock of Harry Taylor, Gents' Furnishings, to the amount of \$3,480.33, and fixtures to the amount of \$480.35, at his late place of business, 547 Jasper Ave. East, at 2.30 o'clock on Friday, the Twenty-eighth day of November, 1915.

Second Voting Period—From Dec. 1 to Dec. 22

Throughout this period the vote awarded on all subscriptions to both the Morning and Evening Bulletin will be 50 per cent. more than during the first period. The vote will remain the same, however, on Want Ad Coupon Books and the Semi-Weekly Bulletin.

### SPECIAL SEMI-WEEKLY PRIZES

WITH EVERY  
\$5 WORTH OF  
SUBSCRIPTIONS

To the Semi-Weekly Bulletin \$1 worth of Books will be given. Books may be seen at Douglas' Book Store, 111 Jasper East.

### Contest in Brief

The Bulletin is offering \$4,500 worth of prizes to the subscription workers who get the most votes. All residents of Alberta excepting Bulletin employees may enter.

Votes may be obtained by clipping daily coupons from this paper and by getting paid-in-advance subscribers to The Bulletin and selling want ad. books.

There are four districts in the contest. District I. is all of Alberta outside the Edmonton city limits. District II. is South Edmonton. North Edmonton is divided into two sections by Mayors Avenue. Contestants must live in the district from which they are nominated. They may write subscriptions anywhere they please. All contestants compete for the automobile and the other prizes are district prizes.

Persons desiring to enter should send their nomination to the contest manager of The Bulletin. He will mail a receipt book to workers and give them full information about the competition. Telephone 1713.

At 243 Adelaide Avenue, at the home of Joseph Hollander, on Tuesday, November 26th, the marriage of Miss Esther Agoston to Mr. Steve Truett was solemnized by Rev. D. G. McQueen.

At First Presbyterian Manse, on Tuesday afternoon, November 26th, the marriage of Mr. Robert McKee and Miss Leda Leach, both of Wasekan, Sask., was solemnized by Rev. D. G. McQueen.

An ornamental contest under the auspices of the W. C. T. U. will be held in the Baptist church, north side, on Saturday evening, Nov. 27th, at which. Parents are requested to be present to encourage the children.

Socialist Social—A social will be held at the Edmonton hotel of the Social Democratic party at the Moose Hall, Fraser avenue, over midnight hours, on Thursday evening, at 12 o'clock. An attractive program has been arranged.

The Redback Outfitters, held a very successful dance in the separate school last night. About one hundred and fifty guests were present, and the Redback Outfitters, held a very successful dance in the separate school last night.

Edmonton Lodge, No. 29, I.O.O.F., will meet Thursday evening at 8 o'clock, at which the election of officers for the ensuing term will take place. The first degree will be conferred. A full attendance of officers and members is requested.

Typing School, Port-A—A meeting of the W. C. T. U. will be held on Thursday evening for the purpose of electing officers for the ensuing term. The meeting will be held at the Moose Hall, Fraser avenue, over midnight hours, on Thursday evening, at 12 o'clock. An attractive program has been arranged.

MEK, MAY A CANDIDATE. Mr. May, formerly postmaster of the school, is a candidate for the position of school trustee at the coming election. He was previously a member of the school board from 1908 to 1909. He is very well known in the city.

HELD TWO FIVE DAYS. Last day of the Alberta Temperance and Moral Reform League was held at 10:15 Sunday and was a successful session. The speakers were Rev. A. R. Adridge and Rev. A. W. Coombe. Medicine Hat also had a big day, there being a general exchange of speakers and all the churches were filled. Outside speakers were Rev. B. J. Marshall, Central Methodist church, Calgary; Rev. W. F. Gould, associate secretary, Edmonton. The day was a big success.

NORTHERN WEATHER REPORT. Lake Superior, clear, calm, 2 above; Grand Prairie, clear, northwest wind, 1 above; Spirit River, clear, calm, 5 above; Dauphin, clear, calm, 2 above; Brandon, clear, calm, 11 above; Grand Forks, clear, calm, 2 above; Swift Current, clear, foggy, calm, 2 above; Minto, cloudy, calm, 11 above; Athabasca, cloudy, calm, 21 above; Oliver, clear, calm, 21 above; Peace River, clear, calm, 21 above; Bow River, clear, calm, 21 above.

DOW-MITCHELL. A very pretty wedding took place at the Empire Hotel at two o'clock this afternoon, when Miss Helen Mitchell and Mr. John Dow, both of Calgary, were united in marriage. Rev. H. Frank Dow officiating. Miss Mitchell acted as bridesmaid, while Mrs. Wm. G. Dow was the best man. Afterwards a reception was given at the Empire Hotel. Mr. and Mrs. Dow then left for parts unknown on their honeymoon, amid the best wishes of the rest of the party.

THE PRODUCE MARKET. The continued weather makes the sale of food on the market rather a hard proposition, and dealers have been waiting for buyers. Cattle are in show of sale, but holders of good cattle are reluctant to accept less than 24c. Other prices: Beef quarters, per lb., 10c to 12c; Pork, per lb., 11c to 12c; Butter, per lb., 11c to 12c; Eggs, per dozen, 11c to 12c; Lard, per cwt., 20c to 22c; Tallow, per cwt., 18c to 20c; Hides, per lb., 10c to 12c.

SHERIFFS' BANQUET. A successful banquet attended by the sheriffs and deputy sheriffs of the province was held last night at the Seaside Hotel, about thirty persons taking part. Sheriff Johnston, at his own invitation, presided, and Mr. J. H. Hunt, inspector of legal affairs, acted as the toast. The sheriffs of Alberta. The speeches were largely complimentary of old times. It was hoped that the Attorney General would be present and address the gathering, but he was unable to do so.

## HIGH GLASS SAND IN NORTH.

That the country north of the city is rich in silica was the statement made in the Cech house last night, by A. W. Maguire, a prospector from Spokane, who left the city last night for the Laidlaw where he will go from there to Fort McMurray. Mr. Maguire who has been in the north for the last two years during the past few years is well known in the city, although he calls Spokane his home. He says there are vast quantities of silica in the north, and that in his journeys to and from the north he has studied the glass making sand which he has seen in the north and is convinced that the day is not far off when the northern part of the province will be supporting several factories devoted to glass making. He says he has not seen richer sand and it has surprised him considerably that this branch of an industry has not been taken up before this. Mr. Maguire is on a prospecting trip which will bring him up to the north the entire winter.

CAME NORTH FROM MEXICO. From Central America to Central Alberta as a jump both in distance and temperature and although the weather here is by no means severe, C. C. Wilkins, who arrived in the city yesterday from Mexico, feels the change considerably. Mr. Wilkins is on a business visit and will stop here for a few days before returning to Mexico City. He is the manager for Mexico for the Mexico Land Securities Co., with headquarters in Kansas City and the best part out to Western Canada to look after some interests which have in several portions of the west.

In conversation with a business reporter at the Empire hotel last night, Mr. Wilkins talked of the Mexican situation and said that he was for north to be troubled at all by the recurring rebellion. His headquarters while in Mexico for the past three years have been at Santa Laverde, which is about 150 miles south of Vera Cruz, and about 25 miles from the border line between that and the adjoining state.

Mr. Wilkins' company has dealt extensively in vegetation lands in that district and have sold over 100,000 acres of their original holdings which were in the neighborhood of 12,000 acres. The remaining sold 10,000 acres have recently been taken by a former Canadian body of 10,000 acres from the state of Colorado.

EXCURSION RATES ON C. N. R. On Monday, December 1st, the annual excursion rates to Eastern Canada and the central United States go into effect on the Canadian Northern Railway. To cope with the heavy movement of excursion, the Canadian Northern Railway has the four best of its first class tourist sleeping cars of the latest description in which berths are supplied with the standard berth.

The Alberta Express will leave Edmonton daily at 9:00 a.m., arriving in Winnipeg the next day at 1:45 p.m. One of the Canadian Northern features is a free choice of routes offered and people can travel either via the St. Canadian route or any of the attractive routes through the United States.

## Folks Going to Eastern Canada

have a wonderful trip before them, if they but look ahead and plan how best to go, in order to see the most.

Of course, Chicago is the natural stopping place on the way, but no one should forget that en route to Chicago can be seen that marvelously fascinating panorama of river, island and bluff—the Mississippi River Scenic Line—"Where Nature Smiles Three Hundred Miles."

To see this beautiful valley in daylight, arrange to leave Minneapolis at 7:40, St. Paul at 8:40 a. m., on the famous Oriental Limited via the Burlington Route, and we suggest that you drop one of us a line—a postal will do—and let him send you illustrated folders telling all about the trip.

He will also tell you about the comfortable trains and be glad to give you any other information. That's what he is paid to do. He will be mighty glad to be of service to you, so don't hesitate to ask questions—it's a real pleasure to answer questions about "Burlington Service."
